a true crime story cannot often be believed at least at the beginning in bowraville all three of the victims were aboriginal all three were killed within five months between 1990 and 1991 the same white man was linked to each but nobody was convicted more than two decades later homicide detective gary jubelin contacted dan box asking him to pursue this serial killing at that time few others in the justice system seemed to know or care about the murders in bowraville dan spoke to the families of the victims colleen walker craig evelyn greenup and clinton speedy duroux as well as the lawyers police officers and even the suspect involved in what had happened his investigation as well as the families own determined campaigning forced the authorities to reconsider the killings this account asks painful questions about what justice means and how it is delivered as well as describing dan s own shifting uncomfortable realisation that he was a reporter who crossed the line winner of the ned kelly award for best true crime praise for the bowraville podcast it is a gripping true crime tale and an essay on racism a challenge to the lies australia tells itself about its treatment of aboriginal and torres strait islander people told through the voices of three aboriginal families who have been indisputably let down the podcast has galvanised the public in a way that two decades of print and television reporting on the bowraville murders have not the guardian a masterful example of crime reporting which forensically details the worst of human nature inexplicably compounded by the gross negligence of the only people who could provide justice it s stirred thousands including the prime suspect to re engage with the case after trusting the journalist to take them to dark places walkley judges comments outstanding leigh sales moving brilliant annabel crabb if you haven t listened to bowraville by dan box then you should david campbell

the new york times science bestseller from robert wachter modern healthcare s 1 most influential physician executive in the us while modern medicine produces miracles it also delivers care that is too often unsafe unreliable unsatisfying and impossibly expensive for the past few decades technology has been touted as the cure for all of healthcare s ills but medicine stubbornly resisted computerization until now over the past five years thanks largely to billions of dollars in federal

incentives healthcare has finally gone digital yet once clinicians started using computers to actually deliver care it dawned on them that something was deeply wrong why were doctors no longer making eye contact with their patients how could one of america s leading hospitals give a teenager a 39 fold overdose of a common antibiotic despite a state of the art computerized prescribing system how could a recruiting ad for physicians tout the absence of an electronic medical record as a major selling point logically enough we ve pinned the problems on clunky software flawed implementations absurd regulations and bad karma it was all of those things but it was also something far more complicated and far more interesting written with a rare combination of compelling stories and hard hitting analysis by one of the nation s most thoughtful physicians the digital doctor examines healthcare at the dawn of its computer age it tackles the hard questions from how technology is changing care at the bedside to whether government intervention has been useful or destructive and it does so with clarity insight humor and compassion ultimately it is a hopeful story we need to recognize that computers in healthcare don t simply replace my doctor s scrawl with helvetica 12 writes the author dr robert wachter instead they transform the work the people who do it and their relationships with each other and with patients sure we should have thought of this sooner but it s not too late to get it right this riveting book offers the prescription for getting it right making it essential reading for everyone patient and provider alike who cares about our healthcare system

an incisive and comprehensive exploration of international business in the modern world in the newly updated third edition of international business an accomplished team of educators and business practitioners delivers a revitalized approach to the discipline that brings international business to life this latest edition of the book includes one of a kind chapters on sustainability poverty and innovation as well as new mini simulation activities explorations of the covid 19 pandemic and its effects on commerce the business implications of social and civic justice race and inequality debates new whiteboard animations a video and podcast series and new case studies on equity diversity and inclusion at microsoft international business efficiently prepares students for the global economy and transforms the authors impressive international experience at multi national corporations into an indispensable pedagogical resource
